In addition to the list of documents, every part contains a subject-index, an index of personal names, where necessary, and introductory notes giving information on the organization of the bodies concerned. It also notes the unpublished records of meetings and sound recordings deposited in the Archives of the United Nations and the press releases concerning the meetings.

Part 6E of the Check List of United Nations Documents comprises the documents of the Social Commission, one of the functional commissions of the Economic and Social Council. The present number lists all documents issued during the period 1946 to 1949, including the documents of the Temporary Social Commission. Documents issued after the beginning of 1950 are listed in the current issues of the monthly United Nations Documents Index.

The user of this volume will find it helpful to read carefully the explanations preceding the Check List and the Subject-Index.

EXPLANATION

ENTRY NUMBER. Documents and introductory notes are referred to by entry numbers in the index to this check list. Entry numbers do not appear on the documents and should not be used in citations.

LANGUAGE OF ISSUE. The language editions in which a document is issued are indicated as English (E), French (F), Spanish (S), Russian (R), Chinese (C), or bilingual English-French (E&F) texts.

DOCUMENT SYMBOL AND SHORT TITLE. This number should be used in citing documents. In the case of publications without document symbol numbers, title should be cited together with the session number, issue number, supplement number, and volume number, whichever is included in the entry. Title entries have been standardized and shortened or expanded in order to clarify the meaning of the titles and the authorship of the documents, so the entries do not always conform literally to the actual documentary titles. The collation shows the pagination of the English or bilingual English-French text only. The date appearing on each document below the document symbol number is usually the date of registration of the documentary text with the Bureau of Documents for publication and translation and should be the same in all language texts. The date of registration closes each entry. Corrigenda and addenda are usually grouped with the parent document in the same entry. Corrigenda are corrections of errors in the text, title, date and classification of documents, emendations of the translation, and additions of omitted text. Addenda include supplementary material, such as annexes, tables, and other additional communications. Revisions are texts revised through formal amendment, or new editions prepared by the submitting delegation or by the Secretariat.

REPUBLICATION NOTES indicate the republication of whole documents in other documents or in the Official Records. In the case of resolutions only their republication in collected sets is indicated; in the case of draft resolutions no attempt is made to note the inclusion of their texts in the verbatim records of meetings.

RESTRICTED AND LIMITED SERIES. Documents of "restricted distribution" are indicated in this Check List by a black dot (•) before the symbol. Prior to 15 September 1949 this category included both documents of a confidential nature and documents the circulation of which was limited for other reasons. Since 15 September 1949*, the term "restricted series" is to be used exclusively for confidential documents. The term "limited series" is to be used for documents the wide circulation of which is unnecessary for any other reason, such as their provisional or ephemeral nature. The "limited series" is not withheld from the press. In this Check List documents of "limited" distribution are indicated by a plus sign (+) before the symbol.

INTRODUCTORY NOTES give a short parliamentary history of the Commission and describe briefly each Ad hoc Committee session by session, including the date of its appointment, citing its terms of reference, naming its members and officers, listing its reports and document series symbol, if any, and tabulating its meeting records. The plenary meetings are shown in tables for each session. The tables indicate both published and unpublished meeting records and related press releases. Since drafts for the published meeting records should be deposited as a matter of course in the Archives of the United Nations, the tables show under the heading "Archives" only the unpublished manuscript records deposited in the Archives ("TPV"; "TSR") and the sound recordings ("X").

Establishment and Composition of the Social Commission

The permanent Social Commission was established by the Economic and Social Council by Resolutions 2/10 and 2/12, both adopted on 21 June 46, according to suggestions made in the report of the Temporary Social Commission. Terms of reference: In document E/260 (entry 98), p.3. The Social Commission consists of one representative from each of eighteen Members of the United Nations, selected by the Council. The term of office is three years except for the initial period, during which one-third of the representatives was to serve two, one-third three and one-third four years. The Economic and Social Council accordingly elected at its 46th plenary meeting, 2 Oct 46, the eighteen nominating countries. The terms of office were determined by lot at the 47th plenary meeting, 3 Oct 46, as follows: To serve for two years, Czechoslovakia, France, Greece, Union of South Africa, the Union of Soviet Socialist Republics, and the United States of America; for three years, Colombia, Netherlands, New Zealand, Peru, United Kingdom, Yugoslavia; for four years, Canada, China, Denmark, Ecuador, Iraq, Poland. The Secretary-General was instructed to consult with the Governments in question before they nominate their representatives with a view to securing a balanced expert representation in the various fields covered by the Commission. The nomination by the Member State has to be confirmed by the Council. Accordingly, the Council in a special meeting, 10 Dec 46, confirmed fifteen nominations submitted by the Secretary-General (documents E/250 and E/250/Add.1, E/252). The Council decided at this meeting with regard to the three remaining States from which nominations had not been received that members nominated might serve provisionally pending confirmation by the Council at its next session.

Subsequent nominations by Poland, the Union of South Africa and Iraq, and a replacement by Colombia were confirmed by the Council sitting as a Committee of the Whole on 26 Mar 47. (See documents E/265 and /Add.1, E/378/Rev.1). Further replacements by New Zealand, the Union of South Africa, the United Kingdom, and the Union of Soviet Socialist Republics (see documents E/463 and Add.1), were confirmed at the 119th meeting, 16 Aug 47; replacements by Ecuador, Greece, Iraq, Netherlands, New Zealand, Peru and Poland were confirmed at the 173rd meeting on 11 Mar 48 (See document E/427/Rev.2).

At its 202nd and 206th meetings on 17 and 19 Aug 48 the Council filled the vacancies caused by the expiration of the term of office of the one-third of the membership initially elected for two years, by electing France, India, Turkey, the Union of South Africa, the Union of Soviet Socialist Republics and the United States of America for a term of three years. The members nominated or renominated by the elected states were confirmed by the Council at its 225th meeting on 29 Aug 48 and at its 272nd meeting on 11 Mar 49.

At its 323rd meeting on 5 Aug 49 the Council replaced one-third of the members whose term of office was to expire by the end of 1949, electing Australia, Bolivia, Brazil, New Zealand, the United Kingdom and Yugoslavia for a term of three years, 1950-1952. (See document E/1308).
